(“**Haywood**”) as agent (the “**Agent**”) and has obtained a receipt for a preliminary short form prospectus (the “**Preliminary Prospectus**”) with the securities regulators in each of the Provinces of Canada, other than the Province of Québec, pursuant to which the Company proposes to complete a public offering (the “**Offering**”) of units (the “**Units**”) for gross proceeds of a minimum of C\$6,000,000 and a maximum of C\$10,000,000. Closing of the Offering is expected to occur on or about August 19, 2020 (the “**Closing Date**”).

Each Unit will consist of one common share (a “**Common Share**”) in the capital of the Company and one common share purchase warrant (a “**Warrant**”) of the Company at a price of C\$0.70. Pursuant to the Agreement, the Company will grant to the Agent an option to cover over-allotments and for market stabilization purposes to sell up to an additional 15% of the maximum number of Units issued pursuant to the Offering on the same terms and conditions as the Offering, exercisable in whole or in part, for a period of 30 days from and including the Closing Date.

The net proceeds from the Offering will be used for the transportation costs of shipping the Company’s drilling rig over to Namibia and to commence the three-well exploration program in the Kavango Basin along with working capital.

Completion of the Offering is subject to certain conditions including, but not limited to, the receipt of all necessary approvals, including the approval of the Exchange and applicable securities regulatory authorities.

The Company has applied to list the Common Shares, the Warrant Shares and the Warrants issuable in connection with the Offering on the Exchange. Listing will be subject to the Company fulfilling all of the listing requirements of the Exchange, including adequate distribution of the Warrants.
